THE CONTRACT is a provocative,  
emotionally charged journey  
through the heart of identity and  
the cost of living a lie.

Bishop Daryl Jackson has it all—until the truth he's buried threatens to destroy everything. In a desperate attempt to protect their life and ministry, his wife makes a shocking choice: she hires him a lover. But when emotion takes over, the arrangement spins into something neither of them expected.

Faith. Power. Sexuality. Secrecy. Love.
